SKILLS

Swift || Swift Ui || Objective C || TypeScript

UIKit || Storyboard || Combine || Cocoapods || ScreenTime

Firebase || CoreData || SQLite || Realm

Github || Bitbucket || Basecamp

XCode || VSCode

AppStore || 3rd Part SDK

EDUCATION

B.Tech

Punjab Technical University

2018 - 2021

Bachelors In Computer Science
with 7.3 GPA

PolyTechnic

**Kashmir Govt Polytechnic
College**

2014-2017

Three Year Diploma in Computer Science
with 6.5 GPA

LANGUAGES

English

Urdu

Kashmiri

PROFILE

As an enthusiastic iOS developer with a proven track record of turning innovative ideas into robust, user-friendly applications. Over the past 3.5 years, I have honed my skills in iOS & ReactNative app development, creating seamless and visually appealing experiences for users.

WORK EXPERIENCE

iOS Developer

Idea Usher

June -2025 to Current

- 1 . Developed a highly responsive personal finance tracking application focused on seamless user navigation and clean interface design.
- 2 . Designed a modular tab-based architecture (Home, Credit, Debit, Profile) and implemented real-time wallet balance calculations using Swift and SwiftUI.
- 3 . Implemented secure local data persistence, enabling users to add and track daily credits and debits with product names, dates, and expense categories.
- 4 . Integrated a dynamic transaction engine to instantly update wallet values based on credit and debit entries, ensuring a smooth and accurate expense logging experience.
- 5 . Built reusable SwiftUI components and followed Apple HIG best practices to create a consistent and scalable UI design.
- 6 . Applied MVVM architecture, state management, and data modeling for predictable and maintainable code.

iOS Developer

July-2023 to May 2025

Geek Informatic & Technologies Pvt. Ltd.

- 1 . Developed and maintained high-performance iOS applications, prioritizing seamless navigation and responsiveness.
- 2 . Collaborated with cross-functional teams, translating design specs into functional iOS applications.
- 3 . Implemented intricate user interfaces with Swift and SwiftUI, adhering to Apple's design principles.
- 4 . Integrated RESTful APIs and backend services for enhanced data functionality. Managed version control systems like Git for collaborative development and codebase organization.
- 5 . Developed a fitness tracking app that connects seamlessly with smartwatches to collect real-time health and activity data.
- 6 . Implemented Bluetooth communication to sync heart rate, step count, calories burned, and other fitness metrics with the app.
- 7 . Ensured data privacy and security compliance while handling sensitive health information.
- 8 . Implemented Payments as in App purchase for subscription as well.

iOS Developer

Mindrops Information & Technology Services

April-2022 to May-2023

- 1 . Collaborate with senior developers and UI/UX designers to implement UI designs for iOS applications.
- 2 . Participate in code reviews to learn best practices, ensure code quality, and contribute to the maintenance of a clean and organised codebase.
- 3 . Work closely with cross-functional teams to understand design specifications and translate them into functional UI elements.
- 4 . Contribute to the optimisation of application performance through profiling, debugging, and implementing efficient UI-related algorithms.
- 5 . Collaborate with UX/UI designers to understand user expectations and contribute to the creation of visually appealing and intuitive interfaces.
